How to Act the Song
How to Pick Songs that accentuate your unique qualities and talents.
How to Successfully Work with an Accompanist before and at the audition.
How to build your audition folder with material that fit your voice and type..

With a clear plan, nervousness transforms into focus and useful performance energy. Use the skills learned to be cast in everything from your school's musical theatre productions, to summer stock professional shows, or nail that upcoming college audition!

YATC's faculty have cast extensively for college, summer stock, and other professional theater. That combined with our knowledge of musical theater repertoire, make this a can't miss workshop.

YATC will take you on an inspiring journey in building a solid technique, audition skills, and sparking creativity in your craft and life.
